Detailed Move Status

A unique combination of exclusive technology and unparalleled customer service makes Animal Land Pet Movers the measure of excellence for pet relocation services. We have provided relocation services for CEO's, professional athletes, movie and recording artists and many Fortune 100 companies. Let us put our excellence and expertise to work for you.

We are experts in international travel, routinely providing services to Dubai, Saudi Arabia, Hong Kong, Shanghai, Beijing, London, South Africa, Australia as well as all European and Middle Eastern destinations. We overlook no detail, providing import permits, health regulations as well as door-to-door service.

What sets us apart from other firms is our meticulous customer service. Each client is assigned a Personal Move Counselor who works with the client from the beginning of the move to the end. We treat every pet as if it were our own, providing constant and consistent information to the pet owner regarding every aspect of their move. Whether it is across the country or across the world we ensure every detail is covered.

Of course our client is your client and we appreciate your need to be informed regarding the status of each move. You will be emailed weekly reports from our proprietary database which provides up to the minute status of each move we are handling for your company.
